

[1] Go to your Downloads folder and double click the downloaded file, called NadaNada Ringtone–NadaNada.m4r, to open it on your computer.

[2] The ringtone file should open in iTunes and appear in the Tones folder in iTunes.

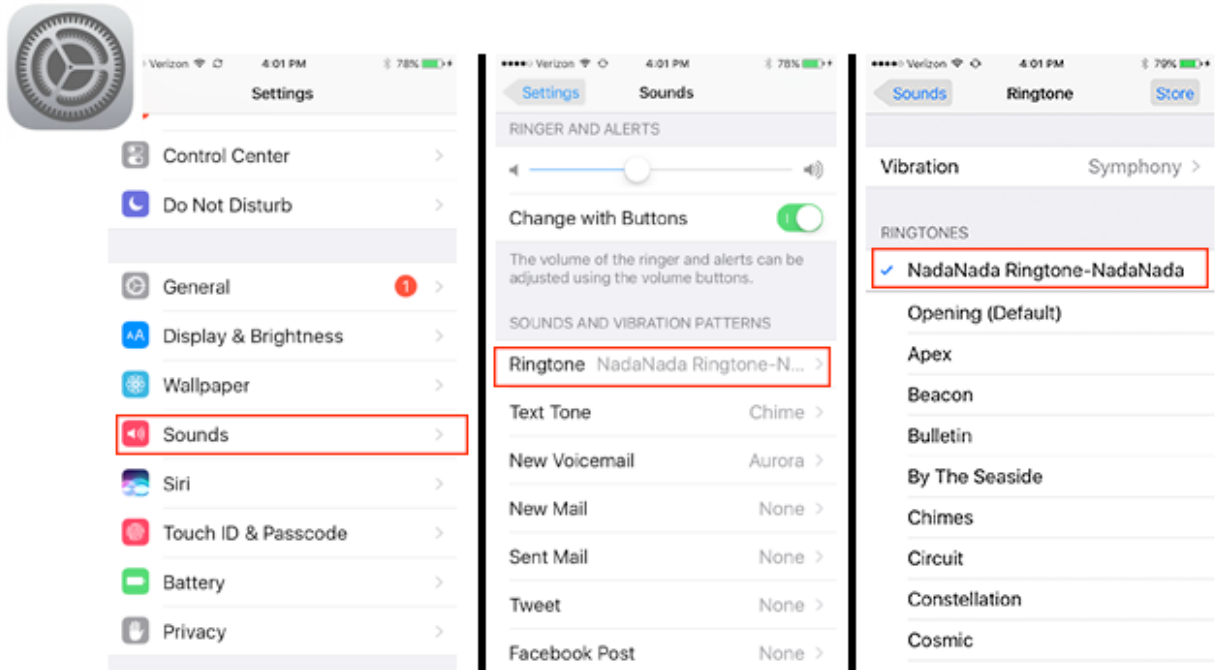

[3] Connect your iPhone to iTunes. Go your iPhone Tones settings and check the box next to Sync Tones.

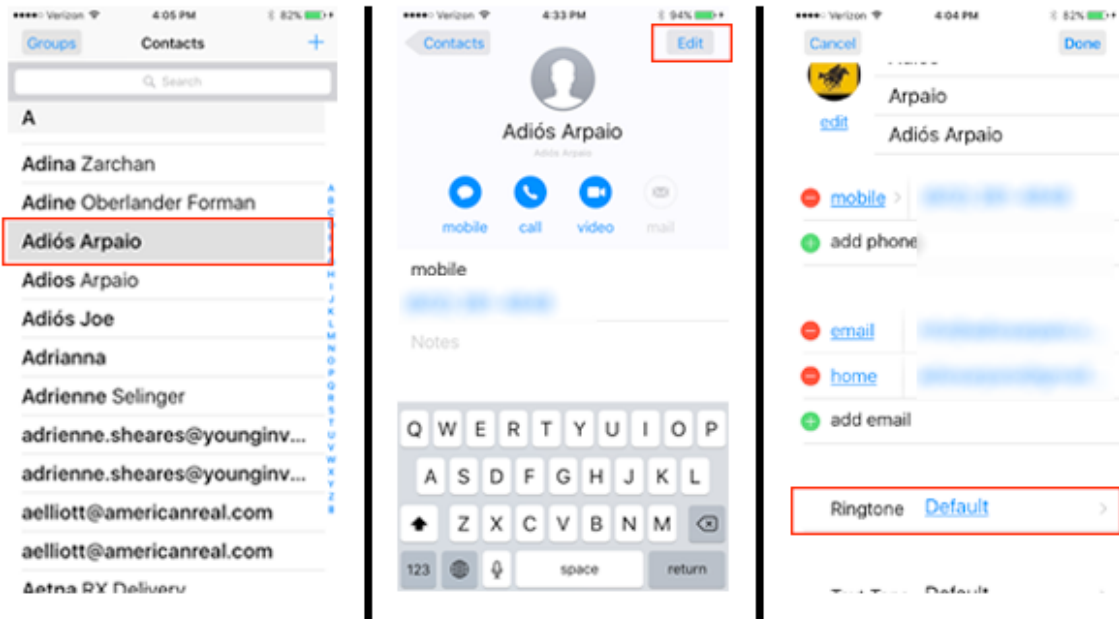

[4] Sync your iPhone to iTunes. When the sync is done, disconnect your iPhone from the computer.

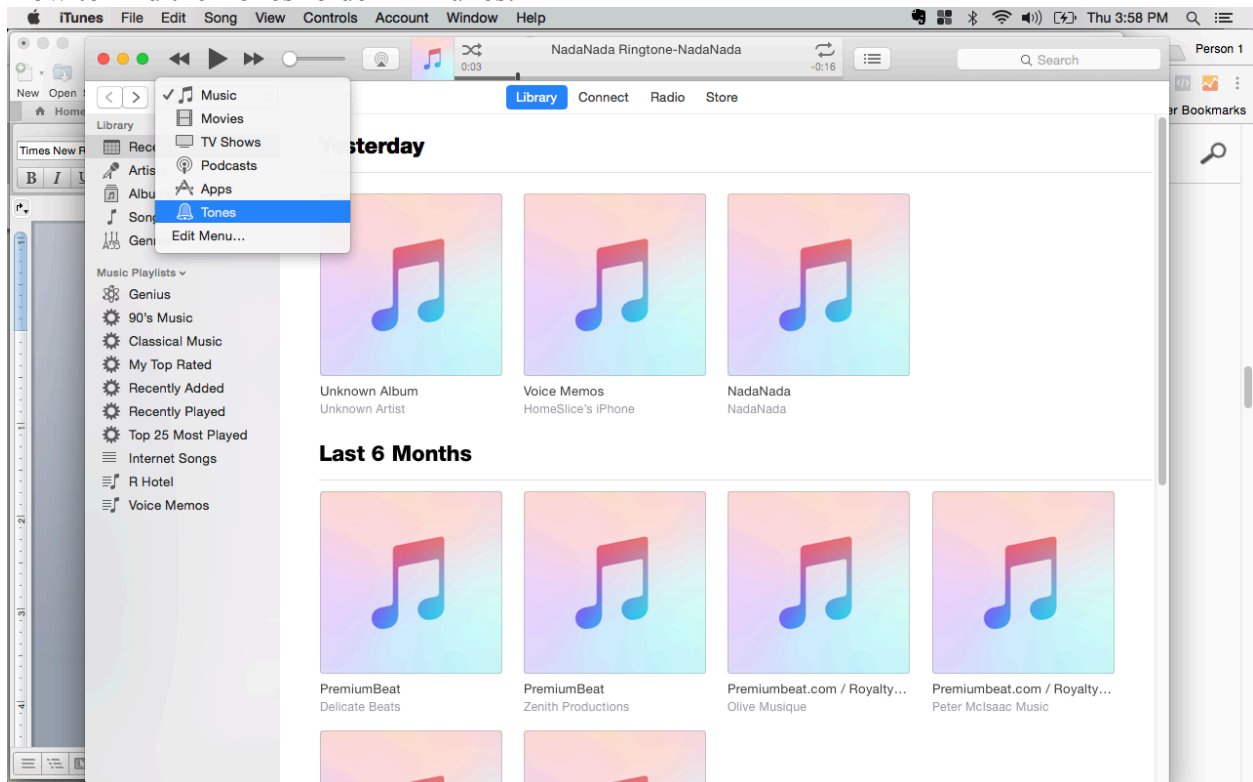

[5] In your iPhone, go to Settings → Sounds → Ringtones and select the NadaNada Ringtone

[6] You can also assign the NadaNada ringtone to a specific contact. Go to the person's contact, select Edit, and scroll down to Ringtone.

## How to find the Tones folder in iTunes.

If you don't see Tones, go to Edit Menu and check the box next to Tones
